

~~~The Inspiring Story of a Young Girl Who Never Lost Hope in the Face of Hitlers Horrendous Persecution of the Jewish People~~~ \*\*\* Includes a FREE VIDEO of Anne Franks life... plus FREE BONUS excerpts from the Diary of Anne Frank, study questions, essay topics, Anne Frank quotes, and even a video tour of the place where Anne Frank and her family hid for over two years to escape the Nazis.\*\*\* Anne Frank was just like any other young teenager you might know, maybe even like yourself. She could be serious one minute and silly the next. She often talked a little too much and sometimes didnt get along with her parents or her sister. She liked talking to her friends and going to the movies. If she had been born during a different time and place, she might have been a journalist or even a movie star, as she dreamed of being. She might have married and had children and grandchildren. Unfortunately, her life was tragically cut short at the hands of the German Nazis during World War II, only because she was Jewish. Even though she was just 15 years old when she died, Annes life lives on through the words she wrote in her diary and stories. This easy-to-read book for children ages 9 to 12 details the important events in Annes life, centering on her years hiding with her family in a hidden space above a factory in Amsterdam. You and your children will be inspired by Annes courage and hope even in the face of the horrendous Nazi persecution of the Jewish people. You will discover why Anne Frank is still remembered today as a symbol of the struggle against oppression all around the world.
