The book was professionally edited by 7 women to take out any unnecessary information. Now read by many thousands of women, it is the information they want men to remember,

since it is their pain on the line. Female and couple reviews should carry a lot of weight. Men, if it was your pain on the line, wouldn't you want to make sure your partner remembers what's important. Women state the book delivers if you take the time to read it. This book is not for guys that just want to scan the content quickly so they can get a woman to have anal sex. If you do not have time to read Chapters 2 to 4 thoroughly, DO NOT buy this book! At least read it well especially the 5 Steps to Enter and implement before you review it. Reviewing from a scan is like if someone reviewed your knowledge from just looking you over without taking the time to talk to you. I wrote the book because the content works and will help women not go through a bad experience. As for reviews promoting other books, I advise give your woman the competing books and this book, then implement the one she selects after she reads the process she will go through in each. SHE IS THE ULTIMATE CUSTOMER. DIFFERENCE 1. A different strategy that arouses the body in order to seduce the mind 2. 76 illustrations on pages show what to do in detail 3.
