

Oddhopper Opera: A Bugs Garden of Verses

Put an ear to the ground for the clicking, popping, snapping music of this garden grown wild. In verse as witty as it is buggy, Kurt Cyrus conducts a chirruping chorus of voices great and small. From a stinkbug trying (and failing) to hide itself to a cicadas struggle to escape its own skin to an ants marathon dinner march and a frogs identity crisis, here is a garden teeming with down-to-earth fun for readers of every species--no matter how many legs they have!
