

Chivalry: The Quest for a Personal Code of Honor in an Unjust World

A generation is rising up to care for the hurting and oppressed. Committed to changing the world, they are passionate about justice and willing to fight for it. But what would that same justice look like if we lived it in our private lives - close to home, with our family and friends? In Chivalry, Zach Hunter dares young men and women to view their lives as a quest, challenging them to develop their own personal code that will prepare them to defend others and live with civility and integrity. Zach reframes chivalry in a modern context. He looks at everyday life as a grand adventure and shares ancient wisdom from the Bible, insightful stories, and practical examples to help you develop your own code of honor - and live a life of significance.
