WHO IS THIS BOOK FOR: The book is a must for people in a consulting capacity such as management consultants, IT consultants, sales professionals and entrepreneurs. **WHAT TO EXPECT:** Do not expect a long novel or a highly wordy book. This book is not meant to win a prize for literature. It is meant to help. But it can only help if you put your preconceived notions aside and are willing to go on a discovery journey with YOURSELF. If you just read the book without putting it into action, it won't be helping you! So do yourself a favor and put it into action. As a famous person once said: You can hear something a thousand times, but if you are not using it, you have not learned anything and you certainly do not KNOW it. Also, when you get to the end of the book, you will get a surprise. It will be the 11 additional challenges for 3 more areas of your life that help you feel even more fulfilled.
