

Magog Rising (The Lightning Chronicles Book 2)

Israel and the United States have been devastated by nuclear attacks, and it seems as if the prophecies of Ezekiel are finally being fulfilled. Taking off where the action-filled Distant Thunder ends, Magog Rising delivers a spectacular new installment in The Lightning Chronicles. After the United States is bombed in multiple locations, Pastor Ty Dempsey is convinced that God has begun the countdown to the end of days. Meanwhile, in Israel, F-16 fighter pilot Moshe Eldan is beginning to see evidence that the God of his people is living, and the prophecies of the Bible are true. While performing his duty to protect Israel, Moshe begins to not only believe in the God of old, but also in his Son. As the countdown to the end ticks away, these men will have to discover exactly how God will use them in the coming days. This thriller is sure to provide endless excitement and a plotline that will make you ask yourself: What would happen if the world, as we know it, ended tomorrow?
