

Sexual Death

With the advent of Spiritual Knowledge Men and women are confused about the balance in their life with regard to sex, love and God. Many people are confused about the true definition of the relationship between sexuality and Spirituality. As a result men will feel guilty about having sexual feelings during prayers and fasts. Women are afraid to sleep with their husbands for fears that God will curse them if they had sex during prayers and so on. This kind of thinking can destroy relationships and create separation between couples and eventually discontinuity of the universe.
