

This practice and revision kit focuses on effective management for marketing. It is part of a range of CIM study texts launched in 1991, with practice and revision kits added in 1994. Throughout that period, the range has been developed, adding new features whilst ensuring the material remains focused on the CIM exams. All texts carry the full recommendation of the CIM examiners. The 1997 practice and revision kits contain all Syllabus 94 questions, including those set in December 1996, along with further exam-standard questions with solutions.
