

ROMANCE, LOVE AND BREAKUPS. Emotions Felt. Lessons Learned.

Excerpt from the eBook: You often say you love me, you care about me, you'll do anything for me. But this is only while I'm with you. But what if tomorrow, I will leave you for someone else? Well, let's just suppose... Will you love me and care about me as much as you do now? If I'm happy with that man, could you be happy for me and wish me only the best? After all, I will still be me, just with another man.. No? You may even start hating me? Then why do you say that you love me? You love the pleasure you are getting while I'm with you. But I can be truly yours only when my happiness becomes just a little bit more important to you, than the pleasure you are getting from me. Then I will believe that you truly love me! As of now, you don't love me, you only love yourself!
