

## Before Its Too Late: A Parents Guide on Teens, Sex, and Sanity

BE SURE TO ORDER NEW 2016 EDITION! Before Its Too Late brings home what I have learned in over 25 years in the trenches with teens and their parents, both in my OB/GYN practice and through teen pregnancy and STD prevention seminars, talks, articles and interviews. Readers finish the book with less anxiety about the task of educating their teens, a renewed sense of urgency, and concrete, can-do knowledge to guide them in making healthy, wise, and respectful decisions about sexual behavior. Expert perspective and keen understanding of the issues give Before Its Too Late the weight of medical authority. A lively style and compassionate outlook make this book not only an essential read for parents of teens, but a pleasurable one.
