

Eddie Wen Go: The Story of the Upside-Down Canoe

What really happened to Eddie Aikau? In her inspirational childrens book, Eddie Wen Go: The Story of the Upside-Down Canoe, former Hokulea crewmember Marion Lyman-Mersereau imagines what Hawaii's ocean creatures saw when the voyaging canoe capsized and the heroic Aikau went for help. Illustrated in lavish watercolor by Melissa DeSica, the 64-page hardcover book tells the story of the Hokulea's disastrous journey over 30 years ago from the canoe's launch to the crewmembers' rescue. The colorful cast of characters including a wise grandmother whale and her curious grandson, a sassy young dolphin, a tough pidgin-speaking shark, and a free-spirited iwa (frigate bird) share in the telling of the story, with liberal use of Hawaiian words and phrases. Each of the older animals take their turn in relating their part in the tale, the events they saw, or the family lore handed down about the upside-down canoe and the brave human who went for help. Together, the animals come to a conclusion about what happened to Eddie: As long as there's an ocean and creatures in it, that's where Eddie will be. Eddie's example, the animals remind us, challenges us all to live courageously and to use our own gifts to be of service to others.
