

## Freddie Ramos Springs into Action (Zapato Power, 2)

In this sequel, Freddie has shoes that give him super speed. Its hard to be a superhero and a regular kid at the same time, especially when your shoes give you even more power! Freddie needs an on/off switch for his super speed, so Mr. Vaslov, who created the shoes, decides to invent a remote control, but he gets more than he planned. When his young neighbors ball goes missing, Freddie uses his new powers to find it . . . and Mr. Vaslov! =
