

Local SEO Competitor Analysis & Getting Ahead of Your Online Competitor

Search engine optimization frequently referred to as SEO - is the process of making sure that a website appears in the search engine results in a better position than it would otherwise for given search terms. The SEO process consists of multiple parts, such as online competitor analysis, keyword research, backlink building, keyword optimization and establishing a social media presence. All of these are vital in today's SEO, however competitor analysis is the step experts take most seriously during the SEO process.
