

Workplace Communication

Its time for a paradigm shift in workplace communication! Are you ready to increase the dynamics of your communication environment at work to evolve from a routine message distribution system to a powerful change agent that will engage employees and the public? Do you want employees to be more efficient and satisfied with their jobs? Workplace Communication offers easy-to-use internal and external communication practices that are ready to be implemented. It is the meat and potatoes for communication practitioners and organizations who want more than a newsletter. There are practices related to goal-oriented communication an initiative to get employees engaged in the business; how to work with journalists; employee incentive programs; external communication ideas; employee feedback methods; and, of course, there are plenty of ideas for internal communication. So, dont expect another book on communication theory Workplace Communication is about hands-on practices that work without all the fluff. It doesnt just tell you how to do it, but it shows you how.
