Dog is thirsty, but every time he finds some water it turns out there is a Causes of Increased Drinking in Dogs PetHelpful Excessive thirst in dogs can mean a number of things, like dehydration or diabetes. Our 7 tips will help you determine the cause of your dogs polydipsia. Thirsty Dog Thirsty Dog Brewing Company If your dog does not get enough water, then it can become dehydrated, in much the same way as person gets dehydrated. First your dog will become thirsty and Dog Always Thirsty? How Much Water Is Too Much? - Pets WebMD My Dog is Drinking a Lot of Water (Polydipsia) The simplest reason that people or animals drink is because they are thirsty. Their body is becoming low on water and they must drink to make up the losses. Since dogs don't sweat, except from their nose and foot pads, they eliminate body heat by panting.
