

JOMO AND MATA-Jealousy, Sibling Rivalry Childrens Book (Life Skills Childrens eBooks Text-Only Version 15)

For the serious young reader - ages 6-9
This version of JOMO AND MATA does not include the illustrations. The text itself carries the story completely...no pictures necessary for the serious young reader. This is a high level reading experience, and the quick turning pages keep the story moving. If the luminous illustrations are better for your needs, then please click on JOMO AND MATA in the Fully Illustrated Version. SIBLING RIVALRY JOMO AND MATA will help investigate the important issues of sibling rivalry and the uniqueness of each child. Promote understanding and respect among brothers and sisters. Elephants are the largest of all land animals, but Jomo is just a little elephant. His brother Mata is four years older and twice as big. And though Jomo has a strong will and a good nose, he cant hope to match Mata at digging into the dry earth with his feet and tusks to find the underground water. But who needs to dig a well anyway when theres a river to drink from? Little Jomo might just as well rest in his brothers shadow and play a tune on his trunk. So begins Alyssa Chases tale of sibling rivalry, set on the East African savannah-a majestic yet harsh landscape that will allow Jomo few such carefree moments before drought threatens the survival of the young elephant and his family. When the river goes dry and scorched leaves drop from the trees, thirsty and hungry Jomo learns that elephant wells dont dig themselves and that getting the job done is more important than besting his brother. In the sun-filled African continent, Alyssa has captured the stark beauties of Jomos homeland-the flat-topped thorn tree and gnarled baobab, the graceful candelabra cactus and the crusty mounds of termites. And in beguiling portraits, she has described the inhabitants of the African grasslands-the gangly giraffe, the watchful zebra, the golden-eyed lion, and of course the

elephants, large and small, so mysterious yet so human. A SURPRISE and added bonus is the Enrichment Information which includes lots of facts about the Masai people and the animals of the East African Savannah, the family life of elephants, their powerful ears, trunks and tusks, and unusual eating habits, facts about weaver birds, termite mounds and hyrax, the elephants closest relative, no bigger than a rabbit! A second big plus is the Letter to Parents and Educators which includes many relevant questions and comments to facilitate conversation with the young reader about the message of the story - learning to cope with the challenges of sibling rivalry. So even though on the surface, this is just an engaging story for children, it is also truly helpful in a real way. MAKING THE CASE FOR CHARACTER EDUCATION If you are tired of bullying, teasing, youth violence, gangs, vandalism, drug abuse, sexual misconduct If you are tired of the crisis with our older youth If you want to help make a difference one tiny step at a time Then this is the eBook for your children ages 6-9. Read WITH your children, discuss the concept and message and know that you are part of the movement sweeping America to bring back our important values by restoring character education in our homes and schools.
