

In this book you will explore the 3 ways to grow any business. They are: 1) Increase the number of clients you presently have 2) Increase the number of times a client visits your business/website 3) Increase the amount of money your client spends during each visit That's how I came up with the Title: More Clients... More Often... More Money From those 3 ways, I have come up with 70 strategies for you to consider implementing into your business. Each strategy has a definition of what it is, an example of how someone has used it, a few suggestions on how you could implement it into your business and an ideas page for you to take notes. I guarantee there is something in here for you to make a bunch of money and grow your business.
