

The Cat in the Hat learns all about cats—wild and domestic—in this feline-focused Cat in the Hats Learning Library book! Traveling aboard his Kitty-Cat-Copter, the Cat takes Sally and Nick to meet lions in Kenya, tigers in Bangkok, Siamese down the block—learning along the way those traits that all cats share: scratchy tongues, padded paws, sensitive whiskers, sharp claws, and those things unique to different species. With information about the anatomy and behavior of well-known species and breeds—including lions, tigers, leopards, cheetah, jaguar, ocelots, cougar, American shorthair, Persian, Siamese—and lesser-known ones, like clouded leopards, caracals, Turkish Vans, Scottish folds, American curls, Raga Muffins, and more—theres something here for cat/Cat lovers of all kinds! Fans of the hit PBS Kids show The Cat in the Hat Knows a Lot About That! (which is based on the Cat in the Hats Learning Library) wont want to miss this purrfect new addition to the series.
