

There are quite a lot of materials out there for studying for Project Management exams. This study guide is focused upon the Project Management Body of Knowledge Version 5 (PMBOK v5). It is not intended as a replacement for reading and understanding the Body of Knowledge. This guide is to help make certain processes easier to ingest and memorize for the exam. In these pages I provide visuals, worksheets, process flow maps, and the tweet that brings everything together in 144 characters. Again be warned, this guide is to be used to bring all of your studying and knowledge together to give you the edge you need to pass your exam.
