

## Spike in the City

In this second book, Bogans fresh, funny artwork brings to life a simple and satisfying story about exploring someplace new...and finding your way home again. Its Spikes first trip to the big city, where he sees amazing things hes never seen before: parking meters, elevators, weird-looking dogs, a cat on a leash. The strangest of all is a dog on a skateboard. But when Spike chases after it and then gets lost in the park, he is only too relieved to find his owner Shannon again. A goofy-looking dog youve just gotta love.-- Family Life Amiable illustrations...add mightily to the fun.-- Kirkus Reviews
