

This is the final book of my Dream Book trilogy. Dream Book 1 was about the opening of spiritual awareness and initial reconnection with my higher selves. Dream Book 2 was a step further into the world of the spirit where I was shown a glimpse of the reality in a multidimensional world and parallel souls going on different journeys. This book brings me deeper into the universal truth. Topics include: full spiritual cycle from creator to darkness and back multiple reincarnations for learning and soul redemption the process of creation from nothing to universe extraterrestrials, who are they and why they are here These and other valuable lost ancient teachings were given to me and through me to the world. I sincerely hope that there are those who resonate with this Energy may find a guiding light and comfort knowing that you are not alone.
