

Laboratory animals, including rats, play an important role in biomedical research and advances. The humane care and management of these animals is an ongoing concern. This guide was created especially for individuals performing research with laboratory rats whose duties include animal facility management, animal husbandry, regulatory compliance, and technical procedures involved with their research. Basic information and common procedures are presented in detail.

Banking, Railroads and Industry in Spain: 1829-1874 (Dissertations in European economic history), Indians Heroes: Remembering the Cleveland Indians Who Helped Make the 1960s Baseballs Real Golden Age, Tarantula (Bug Books), When the Game Was Black and White: The Illustrated History of Baseballs Negro Leagues, World Series (Pro Sports Championships), Rapido y mas rapido (Yellow Umbrella Spanish Emergent Level) (Spanish Edition), Lion (Wiggle-Waggles), ????????? (Japanese Edition),
