

The Secret Pleasures of Menopause

The Secret Pleasures of Menopause is a groundbreaking work that is long overdue! Christiane Northrup, M.D., delivers a breakthrough message that will help millions and millions of perimenopausal and menopausal women just like you understand that at menopause...life has just begun! It is the beginning of a very exciting and fulfilling time, full of pleasure beyond your wildest dreams! Dr. Northrup believes that its time for you to step forward and learn to enjoy the best years of your life! Even though studies show that menopause doesn't decrease libido, ease of reaching orgasm, or sexual satisfaction, the majority of menopausal women aren't experiencing the pleasure and sexual satisfaction that is their birthright. It is a long-held misconception that menopause signals the beginning of the end, but nothing could be further from the truth. In this fascinating work, Dr. Northrup candidly guides you toward experiencing life after 50 as the most pleasurable time of your life!
