Read these letters from people I've already helped... Al, all I can say is WOW! The Hands-Off information you provided is fantastic! Al, all I can say is WOW! The Hands-Off information you provided is fantastic! I never knew there was such a system out

there. You really broke the mold. The step-by-step formula you provide is so simple, so logical...I cant believe I wasted my time buying leads and cold calling people who were just curious about my business. Never again will I flush my hard earn money down the drain. This is the formula Im using to build my Network Marketing team. I urge anyone who is having difficulty in their Multilevel Marketing business to get this information NOW, before you waste your time and money on other recruiting methods. Jose Valentin I believe Al Sims has created the Perfect Multilevel Marketing Recruiting System! Multilevel Marketing is hard for most people and unfortunately 95% fail in Multilevel Marketing. What I was taught was to buy and call cold Multilevel Marketing leads, and make a list of everyone I know and call them. After many months or more of cold calling leads for 3 hours a day I was burned out with very little success. This tactic doesnt work for me. I knew there had to be a better way than the old method that was causing so many people to fail. Cold calling generic business opportunity leads and hearing a lot of Nos is what causes most Network Marketers to fail. I was looking for answers. Life has strange twists and turns. Out of the blue I get an email from Al Sims himself with a simple link to his website. I knew the moment I read what he had on his website and started to receive his 10 day boot camp series that this is what had been missing all along. My business is now back on the launch pad and ready to blast off. People are now contacting me rather than me chasing them. Its put the trust and fun back into Multilevel Marketing. This is what this system is designed to do and Hands Off Recruiting will work for everyone. Thanks Al for making this available to all those who are struggling in Multilevel Marketing. Thank You John Cox - United Kingdom This is a sensational course and I highly recommend it to all people in the Multilevel Marketing industry.
