

Owls (Zoobooks Series)

A lot of kids don't realize an owl can't move its eyes inside its head—it has to turn its entire head if it wants to see in a new direction. But can an owl really turn its head around 360 degrees? Who-o-o can pass up the chance to find out the answer? Zoobooks, the 59-book animal series - the everything you wanted to know but didn't know who to ask guide to the world's most fascinating creatures. Each exciting edition of Zoobooks is packed with current scientific facts, striking photography, beautiful illustrations and unique activities that teach children about animals and the habitats in which they live. With innovative publications and products, Wildlife Education, Ltd. has enriched the lives of children, parents, and educators nationwide for 20 years. All titles are offered in library-bound hardcover and soft-cover styles. Zoobooks, ideal for the knowledge-hungry 4-11 year old!
