

How to Stop the Sibling Wars

Are you sick and tired of being the referee between your children? Are you wondering what ever happened to loving siblings? Do you wish that you could find a way to help your children have loving relationships with one another...or at least stop trying to kill each other! Now you can. My first two children were four years apart. You would think that they were far enough apart that they wouldnt want the same toys, but that was not the case. If my oldest switched to playing with a different toy, the toddler wanted it. If the toddler had a cookie, my oldest was sure her cookie was not as sweet. It seemed that the older two children were always at odds. I spent hours each day trying to referee and prove my love for both of them. I never seemed to have peace. With the addition of a third child, the wars escalated.

I stumbled upon a solution quite by accident, and it is an easy fix. Read on to find out How to Stop the Sibling Wars.
