

Becoming a Slave

Becoming a Slave is an authoritative, and well-documented book on the process of finding and submitting to a dominant. Beginning with a description of terms and the characteristics to be found in a master and in a slave, the book continues with how one realizes and understands their own desire to submit and serve, proceeds to the process of advertising, searching, meeting, and interviewing prospective masters, and ends with a great deal of practical advice on submitting, serving, and satisfying a dominant in a healthy and practical way.
